

# Meaning-of-Dreams.com

Have you ever **woken up** in the morning or **during the night** and wondered **what the heck** the dream you were just having meant?

Dreams can drive you crazy, so isn't it about time you **found out** what **YOUR dreams** are all about?

Fact is, **there is a reason** for **every dream** you ever had - but what most people don't realize is that it is **easier than you think** to discover what your dreams are all about!

**This book is the answer to your dreams!**

"I was going round in circles trying to understand the meaning of my dreams, but despite buying other books, I couldn't find an explanation that really made sense to me. The I stumbled across this website, snapped up a copy of the "Meaning of Dreams" and within a very short time I was able to finally analyze and understand my dreams. Bravo! (and you can quote me on that)."

Jill Levenhurst  
Washington, DC, USA

## From the desk of Michael Green

October 12, 2012September 10, 2012

Dear Friend,

Everybody dreams, and **every dream means something**, no matter how fragmentary and ridiculous it may appear.

It may be symbolic of something deep-seated in the personality of **YOU the dreamer**, or may indicate something trivial, but in every case, the dream has a meaning, which can only be discovered through an analysis of the dream itself.

Sometimes the successful analysis of your dreams can **lead to answers** regarding deep seated questions about your life. While on other occasions your dreams may appear **nutty, fragmented, or even completely mad!**

But **how can YOU** find out what your **dreams actually mean?**

Introducing:  
**The Meaning Of Dreams**

Through the ages **people have struggled to understand** the meaning of their dreams, but the truth is... the answers have been available for years.

**Yep - as far back as 1919** a book was written which clearly identifies the meaning of every dream you've ever had **AND** all the dreams that you'll be having in the future.

**Which part of this incredible book are you most looking forward to getting your hands on?**

- The hidden meaning behind EVERY dream you've ever had OR will have in the future.
- Discover the amazing truth behind why dreams are in fact the **fulfillment of your wishes and goals.**
- How understanding your dreams could provide the key to **solving your real-life problems - today.**
- Discover how "**dream mechanisms**" actually control you (yes that's right) and the content of your dreams.
- Uncover how most people confuse the apparent subject of their dream with **its REAL meaning** - and easily learn how to never make the same mistake yourself.
- Understand why the most **trivial details of your dream**, may in fact be the most **vital and important part of your dream.**
- Why nearly everyone experiences **dreams within dreams.** Yes that's right. Most of us have secondary dreams which instruct the mind how to deal with the initial dream! You'll discover how this information can be used to further your appreciation of your dreams.
- How your brain self-analyzes your dreams**, and whether you can trust these automatic results.
- At last! Understand why your dreams follow strangely common themes like **your teeth falling out** and **arriving at school naked**, plus many other frequent and popular dreams. Nope! You're not the only one to have dreamed these things.

... and of course discover why you dream and why your dreams actually serve a practical purpose.

## The power to analyze your own dreams

Seriously, this could be one of the most useful skills you'll ever develop. Even simple dreams are usually quite complex in their meaning. But **imagine being able to crack the code and unlock the secrets hidden** within your dreams.

That's precisely what the author of this outstanding book allows you to do.

Isador H. Coriat wrote the **Meaning of Dreams** in Boston in February 1915, but this isn't some random volume that he pulled together. No, his work is based on the psychology of dreams as elaborated by Freud and represents one of the greatest advances ever made in our knowledge of the human mind and of human motives.

And every dream in the book has been personally analyzed by the author.

By reading this book, you'll acquire the tools to analyze and understand your own dreams in great detail.

### Understand:

- Why you dream?
- How to use dreams to solve problems?
- What your dreams tell you about your life, past / present and future.
- Why your dreams follow specific structures and formats.
- And of course, **what your dreams mean?**

## Written for the average "Joe"

Although the concepts and theories behind the **Meaning of Dreams** are profound, that doesn't mean that this book is in anyway inaccessible.

**You won't need to be Doctor Sigmund Freud, of Vienna** to understand how to analyze your own dreams, once you've glanced at this book.

Michael,

This book is outstanding. For years I'd been wondering what all my crazy dreams meant, but I never imagined it would be **so straightforward to answer** their hidden meanings myself.

**I wish I'd had a copy of this book years ago!**

Stephen Locks

Waldenborough, England

WELLINGBOROUGH, ENGLAND

This book provides the key to unlocking the meaning and purpose of your dreams.

But the author understands that you probably **don't have a degree in psycho-analysis** and the great news is that **you won't need one either** in order to fully understand every last word of this book.

### Actual book excerpt....

The new psychology of dreams, as elaborated by Freud, represents one of the greatest advances ever made in our knowledge of the human mind and of human motives.

Dream-analysis can be compared only in importance with the discovery of origin of species and of the factors of organic evolution in the field of biology.

## What Will You Do With Your New-Found Power?

As soon as you discover that dreams have common themes and meanings, and that rather than waking up wondering "**what was that all about**", you can master the meaning of your dreams....

... then the world will be truly opened up for you.

### Just Imagine...

- Relieving your **repressed emotions**.
- Indulging in life, freely and unhampered.
- **Feeling happier** and more content, more of the time.
- **Removing that "niggling" doubt** in your mind, that frequently starts with a bad dream.
- Mastering your own destiny by **feeling fully in control of your life**.
- Discovering **why you have** specific reoccurring dreams.
- Obtaining the power to usefully analyze any dream whether it's your own or someone else's.
- Finding a way to master the power of dreams and turn them to good use.
- Understanding exactly why you dream.
- **Knowing what your dreams mean.**

Michael,

I have to confess I was more than a little skeptical when I originally picked up a copy of this 1915 dream analysis manuscript. However I

quickly discovered that it was written in an intelligent and meaningful way and I'm just re-reading the book for the third time.

Thanks very much for bringing this book back to the public arena, it's quite simply wonderful!

J.H. Collins  
NY, NY

## Okay, So What's The Cost For This Incredible DREAM Resource?

First of all, please be aware that this book was published in 1915 and is now extremely rare, so you won't find it sitting on any bookshelves at your local library.

You might just be able to locate an original copy in a specialist bookshop. But the last time I came across a copy it was **reselling for \$249.97** and I haven't found another hard copy since then.

Remember that this is a manuscript that is *genuinely rare* and in the view of many people who have actually read it, contains exceptionally valuable information on dream analysis!

So by the time you've added the current cost of a copy of this book \$249.97, together with a charge for your time and energy required to locate a copy (say another \$100), you might expect to pay hundreds of dollars for this incredible resource.

Fortunately, I'm not going to charge you anywhere near that amount for this unique opportunity to fully understand the meaning of your own dreams. **In fact your total investment for clarifying a lifetime's worth of your dreams is just \$29.97.**

Yep, that's it. You'll receive lifelong knowledge that you can use time-and-time again to analyze your own and other people's dreams, all for just \$29.97.

**Why am I giving this book away so cheaply**, when I've not only bought an original copy, but have also had to pay to transcribe it ready for the modern eBook PDF format?

The answer is that I have very few fulfillment costs to get this book to you. You see it's delivered entirely electronically and that also means that you'll get access within just a few moments from now!

I don't need to stock copies, deal with shipping or handle your purchase myself, but don't think that I'm not a real person. You can go ahead and give me a call on 206-984-1365 and if I'm in the office, I'll speak to you direct - or leave a message and I'll call you back.

Hi Michael,

I've read a few different books in order to try to understand why I dream specific things, but I've never really felt that I've been able to answer the meaning of my own dreams.

Eventually, I picked up a copy of *The Meaning of Dreams* from your

Eventually, I picked up a copy of *The Meaning of Dreams* from your website and I finally got it!

I've read the book twice from beginning to end and for the first time in my life, I've really started to feel that I appreciate exactly why I have certain dreams and what they are supposed to mean.

Thanks a million,

Teresa L. Hart  
Maryland, USA.

## **Order Friday October 12, 2012 Monday September 10, 2012 and you'll receive this great bonus free of charge**

As a special thank you for acting today, Friday October 12 Monday September 10, I'm prepared to throw in a special DREAMS bonus.
